# PRESIDENTS REPORT

The 2004 football season presented us with new challenges as we progressed to B grade, whist we failed to make the finals in B grade. Our B reserves finished second however, were unable to advance to the Grand Final. The Colts boys had a real good season under the circumstances with the lack of numbers they did the club proud with their efforts. To the F troop a fantastic performance winning the Grand Final. For Mark Doyle, his players and support staff a terrific result. Once again Congratulations.

I would like to THANK my committee and all volunteers who helped in any way to make my job easier throughout the year.

To Dennis Evans, Neil Worsley, Michael Outridge and Mark Doyle and all the assistants THANKYOU for your time and commitment to the footy club.

We receive great financial support from our sponsors throughout the year for this a very big THANKYOU.

Congratulations to all Trophy winners on a fine season.

Congratulations to Kevin Fitzgerald on being selected in the state amateur team that travelled to Victoria.

Inclosing I believe we now know the standard of the competition in B grade and can look forward to the huge challenge we face as a club in 2005.

Wayne Scroop

# B GRADE COACHES REPORT

What a year it has been in football!

Coming off a high from the 2003 season, we let ourselves down. The numbers on the track for the 2004 pre-season were poor to say the least, unfortunately, this trend continued throughout the year. The fact is we can only be described as under achievers, due to fitness, injuries and players going on holidays mid season. To take up the challenge in the 2005 season requires:

Fitness  
Attitude  
Commitment  
Teamwork

On a positive note the High Wycombe Amateur Football Club welcomed new players to it's fold Neil Cullen, Michael Foster, Geoff Hales, Peter Kelly and Rhy's Lawrie, along with Scott Tomlinson a Colts player from Swan Districts who unfortunately for us went back to Swan Districts and played Colts and Reserves respectively (well done Tommo). The club also saw the return of Dean Smith.

Congratulations to all trophy recipients of all grades.

Well done to Neil Worsley on getting his Reserves to the finals, Mark Doyle and F Troop on winning the Grand Final, and Micheal Outridge for doing a tough job with the colts.

To Wayne Scroop and the committee a big Thanks for their support throughout the year.

To Livo (runner), Marg (manager), Peaky (fitness), Narelle, Renee, Shanel and Kevin (trainers) a very Special THANKS to you all.

I have no doubt if we get our act together in the 2005 season we will be playing finals football.

Thanks,  
Dennis Evans  
League Coach

A short note from Rod Peake (Fitness)

SOME DO

SOME DON'T

SOME WON'T

SOME DO THE HARD YARDS WITH PRIDE

SOME JUST COME ALONG FOR THE RIDE

ASK YOURSELF

WHICH ONE ARE YOU!

# RESERVES COACHES REPORT

I suppose the question must be asked, did we have a successful year?

I think the answer to that is Yes & No.

This was our first year in B Grade and we finished second after the qualifying rounds (this after loosing the first 4 games) only to loose both finals and to use the tennis term "go out in straight sets."

With the Colts & League just missing finals action and the thirds playing in the Grand Final. The future looks good. I think if we are to be at strength next season, players should commit to play at the level their club requires of them (this goes to all players in all grades).

Congratulations to all Trophy winners in every grade for what you have achieved and to those who polled well in the Association votes. Well done.

I would like to THANK the guys who played seconds this season and congratulate you on what you have achieved.

THANKS to my support staff Marg, Narelle, Shanel and Kevin for all your help this season.

THANKS must go to the senior players and leaders of the team. THANKS to Steve for being the runner for most of the season and to the injured players who filled in during Steve's absence and THANKS to the injured who ran water for their team mates.

The biggest THANKS goes to Wazza, his input and assistance has been invaluable over the last two seasons, and he instils great confidence in all around him.

The feeling in the team has been very positive all year and I look forward to more of the same next year.

In closing, I will answer my own question.

Yes.

Neil Worsley  
(WEAZEL)

# F ~ TROOP COACHES REPORT

I would like to THANK the HWAFC for giving me the opportunity to coach this season I have really enjoyed it. I believe the Executive, along with those on the committee are doing a great job, & the club is in great hands, keep going and Congratulations on another great year.

Well done Evo & the B grade boys, stepping up a grade is never easy but to finish sixth & only three games behind the top team shows how close the competition was this season. It is difficult when you can't get the same 22 on the paddock in consecutive weeks, it makes it hard to build a team with injuries and blokes away, working etc but I'm sure next year will be a different story.

To Weazel & the Ressie boys great job to finish second after losing the first 4 to kick on after that & not lose another game is awesome, however it is hard to stay up there & I know you will be disappointed with the finals but that should only make you hungrier for next year. Well Done.

Colts are just at that age where there are a lot of distractions, but Mick is a great coach & with the numbers, he had to work with on game days & at training, you achieved a great result. If you could have committed more to Mick & yourselves I think you could have easily have played finals with the talent that the Colts boys had, & congratulations to the 17's that came up to help Mick out & have a crack I think it looks good for the future of the club.

I would also like to THANK all the people who help at the club such as Leslie in the canteen, Dennis Waugh who marks the ground & all the other people who have chipped in to keep the club one of the best around. Without volunteers a club cannot survive so if you can help in anyway please do so, remember it belongs to us.

Well done to the F troop, we were on a mission this year. We met very early on I think late November early December to discuss our team. I had a few blokes approach me after Pud was unable to take on the job and they said have a crack. I was reluctant at first because of how close to all the players I am in this team and from being with Pud all those years I knew that during the course of the season there would be some pretty tough decisions to make.

After deciding to have a go I got on the phone & got hold of a few blokes who hadn't played for a while & some that were thinking of finishing up after last year & said lets give it one more go. They agreed & F troop was on, we were disappointed that we went down a grade after finishing third in the finals last year, we were keen to have another crack at Swan Athletic but we didn't care as long as we got to play together.

We had a good year & the boys really put in on the track, many of the blokes had never trained this much in all the footy they played & we had great numbers through the pre-season and all the home & away games. I'm very proud of the boys for their efforts on training but I told them straight up that if I took on the job I wanted it done properly & I wouldn't put up with low numbers at training & to their credit I'm sure we would have had the best numbers all year.

We ended up finishing on top three games clear of Warnbro winning 16 & dropping 2, a great effort due to the boys hard work, their use of the footy, their hardness at the opposition & the ball. We deserved to finish on top; we improved our skill level every week & our fitness was good. We managed to knock off Warnbro in the first final & go straight through to the Grand Final we will be facing West Coast Cowan who have improved & have a few different players, I had warned the boys about 6 weeks earlier that we would have to keep an eye on them. However you can only go with whatever you've got, you can't do anything about your opposition & anything can happen on Grand Final day we will have to wait & see.

I have obviously written this before the Grand Final so I will do all my THANKYOU'S now & hopefully tack on a GF report later. Firstly, to Laura Dinsdale who just made my job so simple all I had to do was coach on game day & Laura handled all the stuff that goes along with the manager's job (especially while pregnant) so well. I am sure she would be sick of me calling out "how long Laura". THANKS heaps Laura. To Bec who made sure the boys were strapped, rubbed & ready to go on games days & training nights we could not have gotten this far without you, also THANKS to Renee for filling in when Bec was away. That magic man who does so much for the club Mal Haden, for doing goals for us all season, but he also did many other things to help us out he is a huge part of F troop & his help to me this year has been enormous THANKS very much Mal you are a champ. To James Worsley for umpiring all season THANKS mate, it is a hard job but you took it on & done a great job, there are many out there that could learn from your example.

THANKS, also to Josh Hockley for being our boundary umpire, a hard job that he took on & did it well we all appreciate your great effort mate, THANKS.

Brett Hockley one of the nicest blokes you could hope to meet & not a bad-drinking partner either we had a few late Thursdays. But as our runner he was outstanding he was quick to put his hand up when I asked if he was keen on the job, his advice & observations over the year have been invaluable to Rowdy & myself & he is a huge part of our success this season.

Now the big fella, Rowdy, just his presence around the club and team is enough to inspire the boys, the respect the boys have for Rowdy has shown out at training in the sessions he has taken & his talk at ¼ time, ½ time or at training has made sure the boys focus on the job at hand. He is a great bloke & I have been able to run things past him all year & some of the ideas he has come up with & the moves he has made have really paid dividends for the team. We have all appreciated your support THANKS heaps.

I would also like to THANK Pud, if I was unsure on how to handle a situation or I have just needed some advice he has been there for me & I learnt a lot from him over the years. I hope I have done you proud mate, THANKS.

Margie & Jules THANKS for putting up with my phone calls for score checks & all the other little bits & pieces, you have been great. The Captain of the F troop Matty Emmett, THANKS for your support in all the little things we done over the year & keeping the boys on track. Trav, Porky & Joel, who all lead by example, ably supported Matty. All these blokes are close mates to me & have not let me down I am very proud to have been associated with them in our great club.

To the rest of my team mates THANKS for supporting me as Coach, it has been an easy job for me having such blokes as yourselves around me, you have done all that we have asked of you, your commitment to the team as a whole has been unwavering.

Unfortunately it was not the third side of old & there were many blokes who did not get much a game time, because of the numbers & the quality of players available. I am sorry for that but it does show how strong the club is at the moment, great for the club but not so good for the individual player. I did try my best to give blokes a go but I also had to make sure the team remained balanced & strong to ensure we reached the end goal a Grand Final berth, that belongs to all those players & people that have supported us this year not just the 22 that will take the field.

Lastly to all the blokes families & my own, who have supported us through this year, I have asked a lot of the blokes this year & they have all been great so have their families for giving them the time to pursue their love of the greatest game in the world Aussie rules. Please forgive me if I have forgotten anyone but I THANKYOU all & I will THANKYOU in person.

Stay tuned Doyley

---

# F GRADE GRAND FINAL REPORT

Making the Grand Final was something we had spoken about very on & to be able to reach our goal was a combination of hard work, determination and teamwork. We believed we were the best team all year and deserved our spot in the Grand Final, but there is always a danger that when you go into a Final as favourite that the underdog can lift & this has been seen on many occasions when unbeaten teams have lost the GF. We lost Storky early in the game, which was a huge blow as even on a bad day he is worth 4 or 5 goals to our side.

We were out talled over the field, which made it difficult to rotate players as we have done all year especially down forward when the opposition started to play spare men. However, to the boys credit they fought on it was not our usual skilful display, but I think it made the win feel more earned because we really had to work for it. There were many outstanding players on the day and many that carried out their jobs with the usual toughness that is required in this side.

This win is not only attributed to the 22 that took the field but to all the blokes that played F grade this year and got us to the Grand Final, also all the support people who helped out and our families who supported us.

THANKS heaps to the club for all their support also over the year. Fantastic effort by all concerned and another flag on the wall for the club.

Doyley and Rowdy.

# COLTS COACHES REPORT

A tough year for the colts team in 2004, short on numbers and some long term injuries meant that we took on most sides with between 15 - 18 players most of the year. To the teams credit we proved to be a competitive side and to finish just outside the finals was a gutsy effort, a little more application to both training and game preparation will improve both individual and team performance in season 2005.

A special Thanks to Mal Lane and Dale McCahon for their help and input into the side, I know the boys appreciated their efforts and their enthusiasm, THANKS GENTS.

THANKS also to the boys, who ran water, did goals and the boundary umpiring throughout the season.

To our supporters and players in the senior sides THANKS for your encouragement and help during our games.

A Big Thankyou must go to the boys from the 17's, who not only filled in to make up the numbers but also played some skilled and polished football, looking forward to seeing their development next year.

Overall a fairly even season and to see 4 or so colts players getting a taste of senior football was pleasing from a coaches view.

CHEERS OUTY.

~~~~~  
BONES OF THE BODY

In the framework of every organization, there are 4 BONES:

There are the WISHBONES who sit & wish they won't be asked to do any work;

There are the JAWBONES who do too much talking & little else;

There are a few KNUCKLEBONES who do nothing but knock everybody;

Fortunately, there are the odd BACKBONES who do not mind volunteering to pull  
their weight to get the job done.

Without them, no organization can function.

WHAT SORT OF BONE ARE YOU???
